

Rabbit Anti T-Cell Immunoreceptor With Ig And ITIM Domains Protein (TIGIT) Antibody

Cat# AB3117-100

Product description

Product: Rabbit Anti T-Cell Immunoreceptor With Ig And ITIM Domains Protein (TIGIT) Antibody

Host: Rabbit

Species: Pan species(General)
Format: Protein A Affinity purified.

Immunogen: Recombinant TIGIT (Gly21~Leu234 (Accession # Q495A1)) expressed in E.coli

Product Type: Polyclonal Antibody

Formulation

0.01M PBS, pH7.4, containing 0.05% Proclin-300, 50% glycerol.

Application

The product is affinity purified and specifically recognizes the General T-Cell Immunoreceptor with Ig and ITIM Domains Protein (TIGIT). The antibody can be used for variety of application. It is recommended that the end user optimizes the product for their particular application with appropriate controls.

Specificity

The antibody is rabbit polyclonal antibody raised against T-Cell Immunoreceptor with Ig and ITIM Domains Protein (TIGIT). It has been selected for its ability to recognize TIGIT in immunohistochemical staining and western blotting.

Tested Application

Western blotting: 0.5-2µg/mL;

Immunohistochemistry: 5-20µg/mL; Immunocytochemistry: 5-20µg/mL;

Optimal working dilutions must be determined by end user.

Storage

Store at: -20°C in aliquots and avoid repeated freeze/thaw cycles.

Pack size available

100 μg, 500 μg

Regulatory:

For research use only (RUO)

This Product is for Research Use only (RUO) and not to be used in Diagnostic Procedure.
